EXPERIENCE

Python Intern

YBI Foundation

📅 April 2024

- Worked on Core Python concepts including data types, control statements, functions, and modules.

Coordinator Volunteer

College / Event Committee

📅 July 2025

- Coordinated and managed students during academic and extracurricular events.
- Ensured discipline, scheduling, and smooth execution of activities.

PROJECTS

Tic Tac Toe Game

Java

📅 November 2023 – December 2023

- Created and implemented a Tic Tac Toe game using Java.
- Enhanced logical thinking and problem-solving skills.

Student Management System

HTML, CSS, JavaScript, PHP, MySQL

📅 March 2024 – April 2024

- Designed and developed a Student Management System to manage student records efficiently.
- Implemented CRUD operations and MySQL database connectivity for efficient student data management.

Calendar Project

Python

📅 September 2024 – October 2024

- Created and constructed a Calendar application using Python to manage dates and monthly views.
- Applied custom logic for date calculation and leap year handling without built-in functions.

Calculator Application

Python

📅 May 2025 – June 2025

- Designed and built a GUI-based Calculator application using Python with modular code and event-driven logic.

EDUCATION

Master of Computer Applications

L. N. Mishra Institute

📅 August 2024 – present CGPA : 8.29/10

Bachelor of Computer Applications

L. N. Mishra Institute

📅 August 2021 – July 2024 CGPA : 8.32/10

Class XII

Don Bosco Academy

📅 July 2019 – July 2021 Percentage : 90.5%

Class X

Don Bosco Academy

📅 May 2019 Percentage : 88.2%

SKILLS

C/C++	Java	Python	PHP
HTML	CSS	MySQL	JavaScript
AJAX	DSA	OOP	GitHub

ACHIEVEMENTS

- Winner – PresentX 2.1 presentation competition 2025
- Achieved the Highest Score in Computer Science – ISC Class XII 2021
- Secured third position at school-level Science Exhibition 2018

PARTICIPATION

- Participated in a 2-week Cybersecurity Bootcamp covering network security and ethical hacking 2025
- Competed in NIT ByteVerse Hackathon (Team-based) 2023
- Appeared for the International English Olympiad (School Level) 2017

CERTIFICATION

- Java Programming - GeeksforGeeks
- Front-End Interview Preparation Course - GeeksforGeeks
- Core Computer Science (DSA,OS,CN) - GeeksforGeeks
